## ABOUT KIIT DEEMED TO BE UNIVERSITY

The KIIT Deemed to be University, Bhubaneswar has been accredited with 'A++' by the NAAC certification under the UGC system of gradation. Recognizing the academic and infrastructural excellence of the University, it has been ranked among the top 300 in the world by The Times Higher Education Impact Rankings in 2021. More than 30,000 students from all around India and over fifty countries join KIIT's cosmopolitan campus for various courses, every year.

Almost all the 28 schools are connected by perfectly manicured and modern technology enabled campuses to offer best of education to our graduate, post-

graduate, doctoral, and post-doctoral students. The University with its aesthetically designed campuses, strong academic ambience, innovative pedagogy, excellent placement record, and state of art laboratories has gained global momentum to carve out a niche for itself.

**Vision:** To create an advanced centre of professional learning of international standing where pursuit of knowledge and excellence shall reign supreme, unfettered by the barriers of nationality, language, cultural plurality and religion.

**Mission:** -Imparting value-based quality education of international standard and

imbibing skill for solving real life problems.

- © Inculcating global perspective in attitude. -Creating leadership qualities with futuristic vision. -Fostering spirit of entrepreneurship and realization of societal responsibilities.
- © Cultivating adaptation of ethics, morality and healthy practices in professional life.

- © Instilling habit of continual learning.
- © Encouraging and supporting creative abilities and research temperament.
- © Establishing and promoting close interaction with industries and other utility sectors and keep abreast with state-of-the-art technology.

## KIIT SCHOOL OF PUBLIC HEALTH AT A GLANCE

The KIIT School of Public Health of KIIT Deemed to be University was established in the year 2015. The School is mandated to provide student centric and world class quality teaching for candidates in public health and hospital management; undertake evidence-based research; and facilitate service provision to the community through

local, national and international collaborations. The School is engaged in creation and dissemination of knowledge through higher education, research, and translating knowledge into evidence that can be used by the public, policy makers and practitioners in the advancement of health of the public.

Post-graduate and Doctoral level programmes in public health and hospital administration.

### Post graduate programs

1. Master of Public Health (MPH)
2. Master of Hospital Administration (MHA)

### Doctoral program

1. PhD in Public Health

## KSPH OFFERS

## DISTINCT FEATURES OF KSPH

**The KIIT School of Public Health is a truly a multidisciplinary institution with many unique features:**

- Besides its own academic and research strength, KSPH also draws upon the expertise from other Centres and Schools, such as, the Pradyumna Bal Memorial Hospital; Schools of Biotechnology, Social Sciences, and Management; Departments of Community Medicine, Pediatrics, Obstetrics and Gynecology, and Nursing.
- The Pradyumna Bal Memorial Hospital (PBMH), a 1750 bedded super-specialty hospital attached to the Kalinga Institute of Medical Sciences (KIMS) of the University provides an unique opportunity to the students of hospital administration in their practical learning and exposures to various departments.
- KSPH provides hands-on trainings to the students in problem solving of

contemporary hospital management issues, as well as facilitates hands-on training opportunities during hospitals postings.

- The “mentor-mentee” program of KSPH is unique which provides an opportunity for direct interaction between the students and the concerned faculty members to address all educational issues of the students.

- The School encourages and facilitates the students to participate in seminars, workshops and conferences at national and international levels.

- The KSPH is well equipped with student friendly learning environment with modern facilities ( Wi- Fi Multimedia) in class rooms; hospital and community-based field practice areas. Since inception, the School has been involved in conducting various research activities, consultancy services and advocacy with policy makers.

## WHY RECRUIT FROM KSPH

The KIIT School of Public Health (KSPH), one of the pioneer healthcare, and hospital management Institutes in India has always been a choice of the leading organizations for recruitment. Some of the unique features for recruiters are:

### 1. Unique curriculum and pedagogy:

KSPH uses a mix of traditional and modern pedagogy techniques for better teaching and learning of students in both the disciplines. The programme is designed to mix academics with classroom and experiential learning during internship/dissertation. Case studies, self-assessment tests, group activities, journal club and seminar presentations, internship and field visits are all included in the academic calendar.

**2. Institutional collaborations:** KSPH has established collaboration with the several renowned Institutions and Universities of national repute for joint initiative and research. Some of the notable international collaborations are: India Public Policy Network (IPPN); Asia Pacific Alliance for the Control of Influenza (APACI); Asia-Pacific Academic Consortium for Public Health (APACPH); Global Network for Academic Public Health; Global Health Strategies, UHC Coalition, Karolinska Institute, Sweden; the Erasmus+ project consortium member institutes as the University of

Maastricht, the Netherlands, University of Milan, Italy, University of Riga, Latvia, Catholic University of Portugal; UNICEF- Odisha office, and national collaborations include ACCESS Health International, ICMR-RMRC, PHFI, CINI, MAMATA, NIMHANS, etc to name a few. Collaboration with renowned hospitals such as AMRI group of hospitals, Apollo Hospitals, KPC Medical College, Fortis Group of hospitals and Institute of Neurosciences have been highly rewarding.

**3. Competent faculty:** The faculty pool of the school constitutes some of the most experienced and highly competent members with excellent domain expertise in hospital administration and public health. The faculty members in KSPH are truly multidisciplinary who enrich the learning environment of the school because of their national and international work experience. Guest faculty and market experts are invited to offer topic-specific lectures to MPH and MHA.

4. **Focus on experiential learning:** We encourage and facilitate the students to participate in seminars, workshops and conferences at national and international levels. By virtue of their

merit and interest, most of our students participate in seminars, workshops and conferences at national and international levels

## ABOUT MASTER OF HOSPITAL ADMINISTRATION

The healthcare sector in India is one of the largest and fast-growing domains both in terms of revenue and employment. Hospitals form an integral part of the health care delivery system both in public and private arena, and are becoming increasingly complex and competitive. The KIIT School of Public Health offers Master of Hospital Management (MHA), a two years full-time, competency-based post graduate programme that aims at developing a cadre of professional hospital administrators to assume the

responsibilities of managing a wide variety of hospitals in a typical government, private or corporate setup. Given the ever-increasing demand for professional hospital managers in our country, the KIIT School of Public Health over the years has invested significant time and resources to design and deliver a unique curriculum to the MHA students that is reflective of the best theoretical learning blended with sufficient on-the-job practical training in hospitals.

## UNIQUE BLEND OF THEORY & PRACTICE

We offer a 4-semester programme in MHA along with a whole lot of other educational activities, as:

- Dissertation & project work is spread over the 2nd (conception & topic finalization), 3rd (finalization of tools and ethical clearance) and 4th semester (field work & thesis submission)
- Journal clubs /seminars presentations
- Workshops on writing skills and data analytics
- Assignments for book review/chapter review and paper publication
- The students pursue a two-month internship during the 2nd semester at local, national and international organizations working in health sector.
